PUBLIC PARTICIPATION - 5 MINUTE LIMIT: Please sign the book if you would like to address the Board.

Kirk & Anita Wescoe – 125 Tar Run Rd, people decided to do some camping out on his property by his driveway and when asked to leave they got into some nasty threatening words. On Sunday my wife had difficult time going to church with cars and people on road. Response to this is the Township does not have the authority to do anything. You would have to have your voices heard by the local legislators in Harrisburg. They are the ones that might do something for you because it is a state issue. Anita said she called Atty general's office and the message was that it is out of the jurisdiction to do anything. Said she is going to call again.

Kevin Christman – 250 Lakeside Dr, he asked supervisors if they were okay with the pictures of cars being double parked? That is a safety issue. Response: No, township is not and does not have authority about the traffic. You should be contacting the state police. He would like us to write a letter and contact commissioners and who ever we can. The township told you we do not have authority over a state park. Response to Mr. Christman's compliant is that residents need to be more organized and petition the appropriate authorities in Harrisburg for any changes to be made to this situation within the state. The comment being that this group needs an organizer and Mr. Christman would be a good candidate, he agreed. The BOS asked him for a draft of a letter he would like to see in support of this effort.

John Lester – 105 Panorama Circle, wanted to thank township for paving the road but concerned about the drop off. Township did not get to install the shoulder fill. Crew will install the shoulder fill probably next week.
